Product Labeling

Do all hearing aid-compatible handsets include labeling? Yes

Explain:

Do all hearing aid-compatible handsets that are capable of voice communication over any air interface or frequency band that does not currently have hearing aid compatibility technical standards have clear and effective disclosure that the handset has not been rated for hearing aid compatibility with respect to such operations? Yes

Explain:

Public Website

Does your company maintain a public website describing all hearing aid-compatible models, the ratings of those models, and an explanation of the rating system? Yes

Website address: http://www.stcservices.com/services/stc_wireless.html

Explain:

Consumer Outreach

Describe consumer outreach efforts in the past 12 months: STC maintains a website itemizing our entire selection of devices, including those that are HAC compliant. Our sales staff is trained to assist our customers in identifying HAC-compliant handsets and devices. Packaging inserts and manuals also provide information.

Methodology for Functionality Levels

STC offers HAC compliant devices in all major categories. At least one device is found in each category of low cost, moderate cost, and high end.
